### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Cancel claims 27-34.

### ***Allowable Subject Matter***

Claims 35, 37, 38 and 40-43 are allowed.

The following is an examiner's statement of reasons for allowance: there is no disclosure in the prior art of depositing a conductive adhesive layer comprising polysilicon between said substrate and said conductive layer, wherein said conductive adhesive layer has a minimum thickness required to provide adhesion between said substrate and said conductive layer for a robust structure that can withstand subsequent processing, wherein said conductive adhesive layer has a thickness that is greater than 10 and less than or equal to 100 angstroms; and etching a portion of said conductive layer and a portion of said conductive adhesive layer utilizing a plasma without sacrificing said substrate, is conducted at a pressure of between 2 mTorr and 4 mTorr, wherein a selectivity of said etching obviates a need for an adhesive layer of greater than 100 angstrom thickness, and wherein said process yields a semiconductor structure comprising a lower electrical resistance and a shorter vertical profile than a

semiconductor structure comprising a conductive adhesive layer of greater than 100 angstrom thickness.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
